<p>The gallery works. But is only a little bit slow. Flemming Grønberg has been in contact with the server maintenance guy in DK. The problem will be solved by testing the server when Flemming Grønberg gets back to DK. He will check this at home. If it's not working he, will fix it.</p> <p>We have to tell anybody how the gallery is working and where they can put the files in.</p> <p>You can get access to the gallery to go to the forum. Look for: <i>Work line D - Supporting tasks – CAD/CNC File Gallery</i></p>
