Description of work progress: Topics / Tasks / Results / Decisions / Facts of importance	Responsible school(s) or person(s) incl. deadlines
<p>[AT] laments the fact that not many members are present and that only few people do the work that is required.</p> <p>[LU] Zeimes states that there are many photos. People can download photos via internet</p> <p>It is still not clear who needs to collect what exactly and whether the people involved have received everything.</p> <p>The photo collectors group is composed of the following countries: [AT STP], [LU], [TK], [FR], [BE], [LT] ([TK] and [FR] being absent)</p> <p>[AT STP] cannot see who uploaded which photo to PICASA [LU] Zeimes wants to find out which countries have replaced their pictures these countries are: [SK], [AT-STP], [AT-FUL], [NL], [PL], [HR], [LT], [LU], [IS], [DK], [RO].</p> <p>PICASA only allows users to use 1GB. If it is full, another user has to register to get more space.</p> <p>IMPORTANT: all the ORIGINAL photos should be stored on ONE harddisk at the end of the project and should be given to Heinz Wildgrube. Collectors MUST keep the original photos. The responsible photo collectors will send back the USB sticks to the collectors in the various countries. The procedure to be followed will be put on the FORUM website.</p>	<p>*** NOTE FROM HEINZ ***</p> <p>I NEVER GOT THE HARD DISK AND DON'T KNOW WHY I SHOULD GET IT?</p>
