Description of work progress: Topics / Tasks / Results / Decisions / Facts of importance	Responsible school(s) or person(s) incl. deadlines
We assembled on the Hotel Fénix Lisboa, with our group which comprised us (PT, 6 persons), Germany (6 persons), and Hungary (3 persons). In Zagreb meeting we have 5 ideas and we discuss in this meeting at the end we like 2 ideas. In the first idea, the train passes a station and a signal has sent to the map were a clip has showed. The second idea is a flag button pushed by the visitor and a signal has sent to the map. The second is own favourite because the visitor can interact with map and train.
