	[AT FUL] Andreas Wanker, [SI] Roman Zupane
	[DE] Fabian Spirer, [FR] Oms Thibault, [SI] Saso Goubar
	[BE] Niels Gijbels , [FR] Cadaux Loïs

Minute written by	[BE] Bram Vleugels
--------------------------	--------------------

Description of work progress: Topics / Tasks / Results / Decisions / Facts of importance	Responsible school(s) or person(s) incl. deadlines
<p>1. In Croatia we did some similar work as the group CAD/CNC Gallery</p> <p>2. In this meeting we sit together with the group CAD/CNC Gallery and came to the following proposals:</p> <p>We have to rearrange our group because we think it is very important that we have a member of each construction group (Workline A, B and C) in our CAD/CNC collector group.</p> <p>The drawing with dimensions are very important for all the other members of the project so we think it is necessary that maybe the new members of this group have to be people with a knowledge of technical drawing so they can place the drawings in the right extension on the forum and they also know what is the newest version.</p> <p>3. We will ask the different groups to choose someone who will be responsible for their group for all the drawings and CNC files.</p> <p>4. To Do: In the Portugal meeting we will ask who will be representative!</p> <p>Also take a look at the minute of the group CAD/CNC file gallery !</p>	Bram Vleugels [BE]
