	[SK] Teachers and students
	[SE] Teachers and students

Minute written by	[IE] Marlon Corrigan

Description of work progress: Topics / Tasks / Results / Decisions / Facts of importance	Responsible school(s) or person(s) incl. deadlines
This sub-group was formed as a result of the European Electronic Map main group being divided into three. The three groups are: EEM Panel (jigsaw, electronics, etc) Presentation (PowerPoint, etc) Stand (table to hold panel) Discussion took place on: 1. Simple panel sitting on a desk. 2. Foldable stand for easy transportation. 3. Multiple legs Vs single leg. 4. Adjustable angle/height of panel. Materials considered were: 1. Polycarbonate (tough, transparent plastic). 2. Wood. 3. Brushed stainless steel. 4. Aluminium. 5. A combination of the above. Need to know: 1. Overall sixe and shape required. 2. Type and size of power source (battery or transformer). 3. Electronics, cables, switches, etc needing to be housed.
