Description of work progress: Topics / Tasks / Results / Decisions / Facts of importance	Responsible school(s) or person(s) incl. Deadlines
<p>We watched a slide show that Hungary delegation made. The group thought that it was great as it included lots of people from the project. Michele said to the Hungary people perhaps it would be better to put a name to the slide show that they had made so people can find it when they are looking for it.</p> <p>Ricky took a video of the singer from Celje and we now need to email the edited video to the singer so that she can confirm that we can put it up on YouTube.</p> <p>Ask other country if they have any videos. We now have to ask the other country if they have any videos and collect from them on Monday. We in our group now will produce the final video We have to be carefully we don't put up videos using music that we don't have the rights to put up (copy right).</p> <p>Michele says go online and find videos without rights or free (Freemusic.org).</p>
